

To: Parents or Guardians of Pupils in the Upper Darby School District

You are urged to have your child's teeth examined by your family dentist. Your dentist has your child's dental history and is better equipped than the school to recommend appropriate care. If your family dentist does not examine your child's teeth and complete the report on the reverse side of this card, your child will be screened by the school dental hygienist or the school dentist, in accordance with Pennsylvania school law.
